

SANTANDER

San Sebastian, 13/11/48

Quer Sr. y Sra. Bernacer:

The enclosed is a sample of the way I am being received among the intellectuals of your country and here where I am now they have already met wholeheartedly what is in my soul to express. Would that Meluire might sit in a few minutes Monday, on the round-table they are assembling for me. Tomorrow I go to the Jesuit shrine at Loyola. Last week I was at the Altamira Cave. They show me the skull that was found there - expect to stay a few days with monja at Montserrat. Plan to be in Barcelona (U.S. Consul) till about 23 d, and in Madrid Dec. 1, Residencia.

Am greatly enjoying meeting groups in your great centers. You are so very kind and responsive to what I am seeking to do. Too bad more such people on both sides of the Atlantic do not know one another better.

With appreciation,
 remembrance, believe me,
