My dear Sr. Remaces:

I had hoped to shakeing your hand before leaving for my little trip to and from Lisbon but just couldn't get done more than the absolutely essentials. Anyway I remember with gratitude the help and kindness both of yourself, family and staff. I hope to see you on my return to Madrid

Ever cordially,

P.S.

I thought this had been mailed in Portugal.  
Will send it from Malaga, with a clipping that  
may be of interest.

My reception in Portugal surpassed my  
foudest hopes.

No report from my money yet.

Bestest to all for the New Year,

*J. H. H.*

Dr. Mc Guire's man in Lisboa did  
wonders for the cause so near my  
heart.
