INTERNATIONAL ECONOMIC RELATIONS SEMINAR

April 26, 1945

Professor Germán Bernácer
c. M. Delgado Barreto 4
Madrid, Spain

Dear Professor Bernácer:

Many thanks for your kind letter. I am looking forward to receiving the offprint you mention. Unfortunately, second-class mail is slow.

I am taking the pleasure of sending you an offprint of a symposium on Bretton Woods which was published recently.

I wonder whether you would not like to contribute an article for our journal, THE REVIEW OF INTERNATIONAL STATISTICS? You may know that we specialize in cyclical problems although we interpret the findings as broadly as you can see from the offprint I am sending you.

With best regards, I remain,

Sincerely,

G. H. H. H.
